

TABLE OF CONTENTS

<u>Section</u>	<u>Page</u>
Introduction.....	1
Background.....	5
Project Objectives.....	7
Project Location.....	8
Regional Setting.....	8
Local Setting.....	8
Proposed Project.....	9
Rezoning and Voluntary Parcel Merger.....	9
Road Improvements and Maintenance.....	10
Timberland Conversion.....	12
County Ordinance 5651 Mitigation/Public Benefit.....	14
Timber Conversion and Public Benefit Sequencing.....	15
Forests and Climate.....	15
Sustainable Timber Management.....	17
The “One Forest” Concept.....	18
Forest Restoration.....	20
Commercial Timberland Management Areas.....	27
Riparian Management Areas.....	30
Large Tree Management Areas.....	31
Soda Springs reserve Dedication and Public Trail.....	34
Windy Gap Preserve Easement.....	34
Sustainable Vineyard Planting and Operations.....	38
Site Preparation.....	40
Vineyard Soil Preparation and Grading.....	40
Watercourses/Grading.....	40
Vineyard Planting.....	41
Erosion Control.....	41
Water Storage/Reservoirs.....	42
Water Collection System.....	42
Sustainable Vineyard Operation.....	43
Farm Labor Housing.....	44
Benefits of the Proposed Project.....	46
Project Permits and Approvals.....	48

TABLES

1. Zoning Acreages
2. Conversion Area Forest Stand Description
3. Vineyard/Timberland Conversion Acreage
4. Sustainable Timberland Management
5. Forest Restoration Acreage
6. Comparison of Conifer Inventory (per acre): No Project vs. Proposed Project through 2051
7. Comparison of Restored Stand to a Non-Restored Stand
8. 2006 Timber Inventory Stocking Levels
9. 2006 Timber Inventory Summary and Current Growth
10. Development of Large (greater than 24-inch DBH) Conifer-Dominated Stands with Canopy Closures greater than 50%
11. Windy Gap Preserve Characteristics
12. Preservation Ranch Vineyards

FIGURES

1. Project Location Map
2. Existing APN Parcels and Zoning
3. Existing Parcels
4. Existing COC Parcels
5. Existing and Proposed Zoning
6. Proposed Rezoning
7. Proposed Merged Parcels
8. Proposed Road Improvement Plan
9. Windy Gap Preserve Easement
10. Forest Resource Management
11. Project Schedule
12. Timberland 2:1 Conversion Mitigation Plan
13. Proposed Trail Easement Alignment

APPENDICES

- A. Timberland Conversion/Vineyard Development Road Plan
- B. Preliminary Vineyard Development Plans
- C. Forest Restoration
- D. Timberland Conversion Vegetation Types
