Background:

The Sonoma County Department of Transportation and Public Works is committed to providing quality transportation and public works services within Sonoma County in a responsive and professional manner for the benefit of the general public. The professionals staffing the County's Transportation and Public Works Department help to ensure that Sonoma County's infrastructure and public services remain accessible and reliable. Every resident of the County is touched in some way by the services provided by these outstanding public servants.

National Public Works Week (NPWW) was instituted as a public education campaign by the American Public Works Association (APWA) in 1960, calling attention to the importance of public works in community life. This week's recognition seeks to enhance the prestige of these often unsung heroes of our society, the professionals who serve the public good every day with steadfast dedication.

Recommendation:

Approve Resolution recognizing the week of May 17 – 23, 2009, as National Public Works Week.
