I understand that Ramsar is a completely non-regulatory international agreement, and by inclusion of the Agency's property into the Ramsar site, the Agency will not be subject to any additional regulation. The Agency intends to continue to manage these properties in a manner that is conducive to the conservation of this wetland, and if decided to change the ecological character of these properties within the Ramsar site, will inform the Laguna de Santa Rosa Foundation as a courtesy.

Sincerely,

Randy Poole
 Chief Engineer/General Manager
