II. Public Comments:

Mr. Jaffe asked for public comments and no one stepped forward to speak.

III. Approval of Minutes:

Sara Malone moved approval of the February 10, 2009 minutes as presented, seconded by Emmie Morgan, none opposed, and the motion was carried.

IV. HUD HOME, CDBG & ESG Allocations:

Staff Report. Mark Krug, Community Development Manager, reported that the Community Development Commission (CDC) would be receiving some stimulus funding that would be different and in addition to today's funding actions. Staff anticipates receiving approximately \$530,000 in CDBG stimulus funding, which

will carry the usual CDBG funding criteria and possibly some other funding criteria that we are not aware of at this time. Staff also anticipates receiving approximately \$817,000 in ESG funding.

Mr. Krug explained that staff has not been notified of the exact amount of funding it will receive for FY 2009-2010; therefore, the figures presented for funding consideration today are 95% of the CDBG, HOME and ESG funding received in FY 2008-2009. He stated that the Committee must also provide contingency instructions to staff for their funding recommendations in each category of funding in the event the actual funding received from HUD is more or less than the 95% estimate of funds.

V. FY 2009-2010 CDBG/ESG Public Service Proposals:

Mr. Krug acknowledged the Community Development staff for their hard work in preparing for this public hearing. He reviewed the pie charts and graphs and a brief description of the three different types of funding available for distribution from the U. S. Department of Housing and Urban Development (HUD). Mr. Krug explained the continuing decreases in funding over the years since FY 2002-2003, which has been used as a benchmark. He advised that there is an estimated \$313,398 available in the CDBG Public Services funding category. He stated that \$52,500 is set-aside for fair housing services, leaving a remainder of \$260,898 to be allocated between 15 public service proposals.

Mr. Krug added that the other advisory committee, the Technical Advisory Committee (TAC), would hold its public hearing on March 16, 2009 to decide allocations of their share of CDBG funds to the seven (7) town/cities within the County.

He reminded the Committee and public that the Board of Supervisors has discretionary use of 2.5% of the CDBG funding and would make its recommendations at the May 5, 2009 Board of Supervisors meeting.

Staff has changed its process for all four hearing segments. Staff will briefly describe each proposal and ask representatives of each applicant to come forward and answer questions from the Committee, and then make a final brief comment. After all applicants have been heard, members of the audience will be invited to make brief comments. The public hearing would then be closed and the Committee will deliberate on its recommendations.

The Committee asked additional questions of Mr. Krug regarding the stimulus funding. Mr. Krug added that the City of Santa Rosa anticipates receiving over \$500,000 in ESG funding, and that County and City staff will try to coordinate the distribution and use of these funds.

Mr. Jaffe asked if any member of the public wanted to speak and John Records spoke on behalf of the HCA Emergency Rental Assistance Funds Program.

1. Close Public Hearing

Mr. Jaffe asked if any other public wanted to speak. No one came forward and Mr. Jaffe closed the public hearing.

2. Committee Discussion and Prioritization

Ms. Allyn asked the Committee to provide its rationales for its decisions at the time of its recommendations. Mr. Jaffe commented that the Committee recognizes that the need for funding is increasing at a time when funding is uncertain and declining. He said the final decisions have no reflection on the way the applicants are performing, because all the applicants are doing an excellent job, and his funding recommendations would be emphasizing emergency shelters. Other Committee members agreed that emergency shelters and homeless services should be the primary focus for funding.

Mr. Krug reminded the Committee that the County has executed a multi-year agreement with the City of Santa Rosa to fund Sam Jones Hall Shelter operations at \$100,000/year, inclusive of any CDBG and Human Services funding and the balance in County General Funds.

After Committee deliberation, Peter O'Brien moved approval of the following FY 2009-2010 CDBG/ESG Public Service funding recommendations, seconded by Emmie Morgan, none opposed, and the motion carried.

After discussion about how the funds would be allocated if the CDC receives more or less than the 95% estimated amount, Emmie Morgan moved that the \$10,000 awards should remain the same whether final funding received is more or less than the 95% estimated amount, and the motion was seconded by Pat Stevens. However, there was no Committee vote on this motion because of continued discussion.

After additional discussion about how the funds would be allocated if the CDC receives more or less than the 95% estimated amount, Peter O'Brien moved that if actual funding received is higher, \$20,000 should be allocated to Sam Jones Hall, \$10,000 awards should remain the same, and agencies receiving more than \$10,000 should be distributed pro-rata with no proposal funded at

an amount greater than the requested amount. Emmie Morgan seconded the motion, none opposed, and the motion carried.

Lawrence Jaffe moved that if actual funding received is less than the 95% estimated amount, the agencies receiving more than \$10,000 should be reduced pro-rata, Pat Stevens seconded the motion, none opposed, and the motion carried.

The Committee adjourned for lunch at 12:25 pm and reconvened at 1:15 pm without Michael DeVore.

VI. FY 2009-2010 Community Development Block Grant (CDBG) County-Owned Public Facilities and Improvements Proposals:

Staff Report on County-Owned Public Facilities/Improvement Proposals: Gary Tabbert, Community Development Associate, stated that out of the total CDBG funds available, 15% or \$280,500, is designated for County-owned public facilities and improvements projects. Mr. Tabbert explained that while many types of projects are eligible for funding in this funding category, Americans with Disabilities Act (ADA) improvement projects are well-suited and often in the majority. Mr. Tabbert further explained that the Board of Supervisors had previously authorized the submission of a proposal by the Department of Transportation and Public Works, and that the Department had decided to forego that application in order to concentrate on projects currently underway. As a result, the funds available are more than the funds requested by the three remaining applicants in this category. Mr. Tabbert said that at the end of this session the Committee would be asked to determine where the unallocated funding would be distributed and how the allocated funding should be distributed if the actual funding received is more or less than the 95% estimated amount.

VII. FY 2009-2010 Community Development Block Grant (CDBG) Countywide and Unincorporated Area Proposals

VIII. FY 2009-2010 HOME Investment Partnerships (HOME) Proposals

- (Staff Report on HOME Funding and Proposals. Bob Branson, Community Development Associate, stated that the total HOME funds available are \$1,066,000, of which 45% may be used for Affordable Housing project funding and for Community Housing Development Organizations (CHDO) operating funds (up to a maximum of \$50,000) and 45% will be used for Tenant Based Rental Assistance (TBA). A 95% estimate of the FY 2008-2009 HOME funding equals \$479,700 available for recommended FY 2009-2010 allocations to each of those two areas. Mr. Branson explained that in early March 2009, Eden Investments released \$100,000 that it was awarded for the Healdsburg Family Housing project from the FY 2007-2008 funding allocations. As a result of this release, per Board of Supervisors policies, these reprogrammed funds will be added to the Tenant-Based Rental Assistance program for FY 2008-2009, and the 95% estimated funding available for TBA for FY 2009-2010 will be reduced by \$100,000, leaving the

Pat Stevens moved approval that if less funding is received, the \$50,000 award to Community Housing Sonoma County should stay at \$50,000, and Windsor Redwoods and Shiloh Senior Apartments should be decreased pro-rata and the Guerneville 5th and Mill project shall receive 15% of HOME funding, seconded by Sara Malone, none opposed, and the motion carried.
