

Responses to the Request for Proposal 061311

Question 1: In regards to the Post Graduate Internship Program (Program Three), while we are not seeking to exclude consumers as Interns, is it specifically required that the Interns be consumers of Mental Health Services? If so, how is consumer defined for the purposes of this Program?

Answer 1: It is not a requirement that interns are consumers of mental health services for Program Three.

Question 2: Question for Program Three: Post-Graduate Internship Program. Page 10 of 31. The last three words of the sentence reads: "...minimizing and managing stress..." looks like it should say something further, the sentence does not appear complete. Page 11 of 31 begins with Section 2: Content of Proposal. Is there something missing from page 10?

Answer 2: No, just a period at the end of the sentence. Sorry.

Question 3: On page 10 of 31, for Program Three: Post Graduate Internship Program, last sentence of the first paragraph reads: "Respondents to the Post Graduate Intern Program will work closely to interface with BHD to provide Post Graduate Interns with a range of service experiences in the various BHD programs. " Can you please elaborate on and explain what experiences are anticipated.

Answer 3: Interns will be providing services in Sonoma County Behavioral Health Division programs.

Question 4: Would the post graduate training funding be available for doctoral and post-doctoral psychologists as well as MA and LCSW candidates?

Answer 4: Yes
