Section 2: Content of Proposals	County of Sonoma Department of Health Services Crisis Assessment and Prevention Team– Family Participation RFP #:070709
------------------------------------	--

**Section 1: Introduction**

In November 2004, California voters approved Proposition 63, the Mental Health Services Act (MHSA). MHSA provides funding, personnel and other resources to support MHD systems. MHSA funding provides a broad continuum of prevention, early intervention and service needs and the necessary infrastructure, technology and training elements to effectively support the local mental health services system throughout California. To provide an orderly implementation of MHSA programs, the California Department of Mental Health has planned for sequential phases of development for each of the six components of the MHSA approved by the MHSA Oversight Committee. An essential first step required by the MSHA was a comprehensive countywide planning process designed to involve the community in developing these programs and support systems.

Sonoma County’s public planning process for implementation of the MHSA began in the fall of 2004 and has continued over the last five years ([www.sonoma-county.org/mhsa](http://www.sonoma-county.org/mhsa)).

The Community Services and Supports (CSS) component serves individuals with serious mental illness and funds programs which were implemented in 2006.

Planning for the Prevention and Early Intervention (PEI) as required by State Department of Mental Health through the Oversight and Accountability Committee builds on the prior community planning processes. The State’s MHSA PEI Planning Principles (Attachment F) provide guidance for counties to develop an informed constituency while continually reaching out to broaden diversity and expertise.

The goals of the Prevention and Early Intervention (PEI) component are to create strategies to:

- Engage persons prior to the development of serious mental illness or serious emotional disturbances and to alleviate the need for additional mental health; or to transition the individual to extended mental health treatment.
- Build capacity for mental health prevention and early intervention services at sites where people go for other routine activities (e.g., health providers, education facilities, and community organizations).
- Ensure earlier access to mental health services, to lower the incidence of mental illness and suicide, to enhance wellness and resilience, and to reduce stigma and discrimination in Sonoma County.
- Implement PEI strategies to engage persons prior to the development of serious mental illness or serious emotional disturbances; or, in the case of early intervention, to alleviate the need for additional mental health treatment and/or to transition to extended mental health treatment.

For the PEI component of the Sonoma County Mental Health Services Act Plan, the Sonoma County Mental Health Division (MHD) built on prior planning by specifically designing innovative, evidence-based, culturally competent programs to reduce risk factors, build skills, and increase support for those at risk of developing serious mental illness. MHD convened and took input

from stakeholders, service providers, family members, community members, and consumers in a process that resulted in the following strategies:

- Early Childhood Prevention and Early Intervention
- School-based programs
- Crisis Intervention for Individuals Experiencing First Onset
- Reduced Depression and Suicide Among Older Adults
- Reduce Disparities in Access to Mental Health Services
- System Enhancement

While PEI funding is targeted to prevent or intervene early with mental health problems the Crisis Intervention for Individuals and Experiencing First Onset of a Serious Psychiatric Illness strategy is the exception. The standards of low intensity and short duration do not apply to services for individuals experiencing first onset of serious psychiatric illness.

The following diagram depicts the Mental Health Services Act Components, which includes a description of the elements of Prevention and Early Intervention.

<b>Mental Health Services Act Components</b>
Community Services & Supports (CSS)
Prevention & Early Intervention
Workforce Development (WET)

Capital & Technology

The MHD will work with varied and representative community-based organizations, including the Sonoma County Community Action Partnership and the National Association for the Advancement of Colored People (NAACP), to create community-based Requests for Proposals (RFP) Review Committees comprised of people of color, consumers and family members to evaluate all RFPs. The evaluations and recommendations of the RFP Review Committees will be reported to the Mental Health Director and the Director of Health Services.

c. The insurance provided herein is primary and non-contributory coverage to the County of Sonoma with respect to any insurance or self-insurance programs maintained by the County.

d. This policy shall not be cancelled or materially changed without first giving thirty (30) days prior written notice to the County of Sonoma, Department of Health Services.

6.6 Policy Obligations. Contractor's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

6.7 Material Breach. If Contractor, for any reason, fails to maintain insurance coverage, which is required pursuant to this Agreement, the same shall be deemed a material breach of this Agreement. County, in its sole option, may terminate this Agreement and obtain damages from Contractor resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance. These remedies shall be in addition to any other remedies available to County.

7. Prosecution of Work. The execution of this Agreement shall constitute Contractor's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Contractor's performance of this Agreement shall be extended by a number of days equal to the number of days Contractor has been delayed.

8. Extra or Changed Work. Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Contractor to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Contractor shall be entitled to no compensation whatsoever for the performance of such work. Contractor further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Contractor.

Contractor hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor's work by County shall not operate as a waiver or release.

9.2 Status of Contractor. The parties intend that Contractor, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Contractor is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Section 4, above, Contractor expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 Taxes. Contractor agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Contractor agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Contractor's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Contractor agrees to furnish County with proof of payment of taxes on these earnings.

9.4 Records Maintenance. Contractor shall keep and maintain full and complete documentation and accounting records concerning all services provided under this Agreement. Records shall include all medical records, accounting records and administrative records related to services provided hereunder. Contractor agrees to preserve and maintain such records for a period of at least seven (7) years following the close of the County and State fiscal year in which the services were provided. If an audit has been started, records must be retained until completion and final resolution of any and all issues that might arise. Final settlement shall be made at the end of the audit and appeal process. All accounting records shall be maintained so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed by Contractor. Accounting records include, but are not limited to, all ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards and schedules for allocating costs.

9.5 Right to Audit, Inspect and Copy Records. Contractor agrees to permit County and any authorized state or federal agency to audit, inspect and copy all records, notes and writings of any kind in connection with the services provided by Contractor under this Agreement, to the extent permitted by law, for the purpose of monitoring the quality and quantity of services, accessibility and appropriateness of services, and ensuring fiscal accountability. All such audits, inspections, and copying shall occur during normal business hours. Upon request, Contractor shall supply copies of any and all such records to County. Failure to provide the above noted documents requested by county within the requested time frame indicated may result in County withholding payments due under this Agreement. In those situations required

by applicable law(s), Contractor agrees to obtain necessary releases to permit county or governmental or accrediting agencies to access patient medical records.

9.6 Audit. Contractor agrees that all expenditures of state and federal funds furnished to the Contractor pursuant to this Agreement are subject to audit by County, State and/or federal agencies. County agrees to provide fourteen (14) days notice of intent of County to audit Contractor. Contractors subject to the Single Audit Act of 1984 and Single Audit Act Amendments of 1996 shall annually submit an independent audit conforming to OMB Circular A-133, which applies to non-profit organizations.

9.7 Copy of Audit. Contractor agrees a copy of audits performed shall be submitted to County no later than thirty (30) days after completion of the audit report, or no later than nine (9) months from the end of Contractor's fiscal year, whichever comes first. The Contractor's agreement(s) with audit firms shall have a clause to permit access by the County and state and federal agencies to the working papers of the external independent auditor.

9.8 Retention of Audit. Contractor agrees that audit reports and work papers shall be retained for a minimum of four (4) years from the date of the audit report, unless the auditor is notified in writing by the County State or Federal agency to extend the retention period.

9.9 Confidentiality. Contractor agrees to maintain the confidentiality of all patient medical records and client information in accordance with all applicable state and federal laws and regulations. Further, Contractor agrees to comply with all statutory and administrative requirements applicable to the County regarding the confidentiality of mental health and/or alcohol and drug abuse records and client information. The Contractor shall ensure that no list of persons receiving services under this Agreement is published, disclosed or used for any purpose except for the direct administration of this program or other uses authorized by law that are not in conflict with requirements for confidentiality contained in Welfare and Institutions Code Section 5328.

9.10 Contractor Notification of Breach The County receives funding for \_\_\_\_\_ from the State Department of \_\_\_\_\_ pursuant to [INSERT TITLE OF AGREEMENT] (hereinafter "State Contract"). The State Contract contains certain requirements pertaining to the privacy and security of personally identifiable information (hereinafter "PII") and/or protected health information (hereinafter "PHI") and requires that the County contractually obligate any of its subcontractors to also comply with these requirements.

9.10.1. The State Contract requires the County to notify the State of any breach of privacy and/or security of personal identifiable information (PII) and/or protected health information (PHI), Contractor shall, immediately upon discovery of a breach of privacy and/or security of PII and/or PHI by Contractor, notify County of such breach by telephone and email or facsimile.

9.10.2. In the event the State Contract requires the County to pay any costs associated with a breach of privacy and/or security of PII and/or PHI, including but not

limited to the costs of notification, Contractor shall pay on County's behalf any and all such costs arising out of a breach of privacy and/or security of PII and/or PHI by Contractor.

9.11 Conflict of Interest. Contractor covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Contractor further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Contractor shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Contractor's or such other person's financial interests.

9.12 Nondiscrimination. Contractor shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.13 AIDS Discrimination. Contractor agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.14 Licensure and Staffing. Contractor warrants that it and all its employees and sub-contractors providing or supervising services under this Agreement have all necessary licenses, permits, and certificates to provide services under this Agreement, as required by applicable state and federal laws, rules and regulations. Contractor agrees to maintain said licenses, permits, and certificates in good standing for the duration of this Agreement. Failure to maintain said licenses, permits and/or certificates in effect for the duration of this Agreement shall be deemed a material breach of this Agreement and constitutes grounds for immediate termination of this Agreement by the County.

9.15 Notification of Adverse Proceedings. Contractor agrees that in the event that Contractor, or employees, volunteers, interns, subcontractors or providers retained in any capacity by Contractor are under investigation by their licensing board, are found to be in violation of any rules or regulations of their licensing board, or are the subject of a disciplinary action, this event must be reported immediately to County.

9.16 Sanctioned Employee. Contractor agrees that it shall not employ in any capacity, or retain as a subcontractor in any capacity, any individual or entity that is listed on either the Suspended and Ineligible Contractor List published by the California Department of Health Services, or any list published by the Federal Office of Inspector General regarding the sanctioning, suspension or exclusion of individuals or entities from the federal Medicare and Medicaid programs. Contractor agrees to periodically review said State and Federal lists to confirm the status of current employees, subcontractor and Contractors. In the event Contractor does employ such individual(s) or entity(s), Contractor agrees to assume full liability for any

associated penalties, sanctions, loss or damage that may be imposed on County by the Medicare or Medicaid programs.

10. Demand for Assurance. Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due

performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. ### **MHSA PEI Planning Principles**

- PEI programs increase the provision of culturally competent and linguistically appropriate prevention interventions in non-traditional mental health settings; i.e., school and early childhood settings, primary health care systems, and other community settings with demonstrated track records of effectively serving ethnically diverse and traditionally underserved populations.
- PEI programs include critical linkages with those in the best position to recognize early signs of mental illness and to intervene, including but not limited to parents and caregivers, primary health care providers, early childhood education providers, teachers, faith-based providers and traditional healers.
- PEI programs emphasize the goal of reducing disparities.
- PEI funds are used to support services that reduce the risk of the initial onset of a mental disorder.

The purpose of PEI services is the following:

- to make mental health part of wellness for all members of the community.
- to build capacity for mental health prevention and early intervention services at sites where people go for other routine activities (e.g., health providers, education facilities, and community organizations)
- to ensure, in the long term, earlier access to mental health services, to lower the incidence of mental illness and suicide, to enhance wellness and resilience, and to reduce stigma and discrimination in Sonoma County
- to implement the intent of the PEI strategies to engage persons prior to the development of serious mental illness or serious emotional disturbances; or, in the case of early intervention, to alleviate the need for additional mental health treatment and/or to transition to extended mental health treatment

The Early Intervention element of PEI is directed toward individuals and families for whom a short-duration (usually less than one year), relatively low-intensity intervention is appropriate to measurably improve mental health problems or concerns, thereby avoiding the need for more extensive mental health treatment or services; or to prevent a mental health problem from getting worse.
