Public Workshop regarding the Tolay Lake Regional Park Interim Plan

### Purpose of the Interim Plan

To provide an interim level of limited public use beyond the guided tours and manage the property while preserving the existing property resources until the Master Plan for permanent use is adopted and implemented.

### Workshop Focus

On December 17th & 18th, 2007, Regional Parks presented the draft Initial Study for the Interim Public Access & Management Plan (Interim Plan) at two well-attended public meetings. Based on public comments received during these meetings, Regional Parks agreed to consider implementing a Day-Use Permit Program to provide equitable access to Tolay Lake Regional Park during the Interim Plan phase including hikers, bikers, equestrians, and picnickers.

Regional Parks staff will introduce the Day-Use Permit Program, which is still being developed, and then receive initial feedback from the public in order to finalize the Program.

This Workshop will be held with the assistance of the Park & Recreation Advisory Commission.
