**NOTICE TO PLAN HOLDERS  
FOR CONSTRUCTION OF  
WESTERN AVENUE BIKE SHOULDER WIDENING**

**County Project No. C03408**

**CLARIFICATION NO. 1**

Item 18 ROADWAY EXCAVATION is the engineer's estimate for all roadway excavation on this project.

Items 20-22 are the engineer's estimate for HAZARDOUS MATERIAL CLASS 1, 2, AND 3 that will be excavated under Item 18 ROADWAY EXCAVATION and then removed, stockpiled separately and disposed of at an appropriate landfill after testing. Payment for all excavation of hazardous material that falls under the definition of roadway excavation is included in the contract Item 18 Roadway Excavation. All transporting, stockpiling, testing, off haul, disposal fees and appurtenant work necessary for the safe handling and disposal of the material shall be paid for under contract Items 20, 21, and 22 for each classification of hazardous material.

If other items of work require excavation of hazardous material, all transporting, stockpiling, testing, off haul, disposal fees and appurtenant work necessary for the safe handling and disposal of such material will be included in Items 20, 21 and 22 for each classification of hazardous material. The engineer's estimate for Items 20 and 21 are for the purpose of having a pay item in the event that some lead contaminated soil must be sent to Class 1 and Class 2 facilities. The Engineer will not consider unit price increases for quantities of soil hauled to disposal sites that differ from Engineer's estimate. Bidders are advised to not unbalance their bids for Items 20, 21, and 22. Read Special Provisions 10-1.27 for additional information on Items 20-22.
